

TABE COMPLETE LANGUAGE ASSESSMENT SYSTEM—ENGLISH

FORMS C & D

Enhance learning of English-language skills for your adult students

The TABE Complete Language Assessment System—English (TABE CLAS—E) is a comprehensive and integrated system designed to assess and support the language proficiency of adult English language learners. This system offers a variety of assessments and instructional resources to evaluate proficiency across key language domains: reading, listening, writing, and speaking.

TABE CLAS—E features test items and passages that are rooted in practical, real-world contexts, including workplace, community, and educational settings. These contexts are familiar and relevant to adult learners, enhancing engagement and motivation. The system's design allows educators to accurately identify students' strengths and areas for improvement, facilitating targeted instruction. Additionally, TABE CLAS—E is structured to help educators track and demonstrate student progress, particularly for National Reporting System (NRS) accountability purposes. This makes it an essential tool for educators and administrators working to enhance the language skills of adult learners.

Monitor student progress

Use the Locator Test to determine the appropriate assessment level for your students. Then use TABE CLAS—E scale scores to monitor students' progress through pre- and post-testing.

Identify strengths and areas for improvement

TABE CLAS—E can be scored locally with the TABE Local Scanning Application. Get a complete picture of the skill level and progress of your students with these score reports:

- Individual Profile Report
- Portfolio Report
- Locator Roster Report
- On Demand Extract

Accurately and reliably evaluate the English language skills
and instructional needs of adult students

Levels: 4 (1, 2, 3, and 4)
Forms: 2 (C & D)
Length: Reading—26 items, 30 minutes
